

Garry: Hi! My name is Garry. How can I help you today?

Me: Can the birthday %5 off be used on the meta quest 3? With the 5% off from the redcard?

Garry: I see you want to use your Birthday coupon. Let me check that for you. have you added the item to your cart?

Me: Yes

Me: I am just wondering if the birthday coupon and redcard discount can both be used.

Garry: Perfect. Please help me with your email and full name.

Me: I dont have a account currnently.

Garry: Well you will have to create an account in order to purchase. Not to worry. Let me check that for you though.

Me: I know I just want to make sure the redcard discount and birthday can both be used before signing up for it all.

Garry: It looks like the 5% birthday coupon can be used in the item and also it can be merged with the RedCard.

Me: Thank you so much one last thing which I am assuming it cant be used because of it being an electronic but if it can then that would be great, does any of the registry discounts work on it?

Garry: Yes. not to worry. the storewide discounts will work on all the items unless it is a Target Plus item.

Me: Oh that is amazing to hear, so what order would I be able to do to get the best discount on that product?

Garry: Since Target Circle week is going on there are many offers and discounts. You can check over there in the Circle and then grab the best offers.

Me: Okay thank you.

Garry: No problem.

Garry: Can i help you with anything else?

Me: No nothing else.

Garry: Perfect.

Garry: Thanks for visiting Target.com. I hope you'll visit us again soon!
